BORIS THE SPIDER

A Journal of Duplicitous Doings,
Raw Power, and Naked Greed

9 May 93

'TIS THE SEASON TO TRAVEL!!

Now that the semester is over, all those pent-up travel commitments are beginning to make themselves felt. I did a 2-day trip to Minneapolis/St Paul two weeks ago, almost was going to be in the DC area Thursday and Friday, may be in China Lake, CA at the end of the month, the Poconos in early Jan, perhaps Boston for the 10th Detonation Symposium (International) in mid-July, Los Alamos, NM in mid-June, and then there's "vacation" --perhaps the New Orleans Science Fiction & Fantasy Con in mid-June, Origins in Ft Worth over the 4th (staying with my sister in the Dallas area) and/or AvalonCon (1-4 August) outside of Baltimore (staying with the Saunders or perhaps the Koogless). Then there's the Tigers-Rangers series in Arlington at the end of August (alas! overlapping the beginning of the Fall Semester). Ms Har will demand a live major league ball game sometime this summer!

MORAL: If any of you are wandering down this way, call well in advance or we might not be here!

It is also student migratory season, so you'll find that J. Fisher has gone home, while TJ Klausnitz has gone back to school. Go figure. Don Chinnery is again taking up his itinerant ways and will be accessible only through his mail service (the Cincinnati address).

We now have five folk signed up for 1035. Need 1 or 2 more to start, and I think we can fill that from our alternate list. The KREMLIN game could be over next issue, and "Cruelty is In" probably has only three issues to go, so we might be able to get the optional rules votes and "table placement" started as soon as we have a full slate. Next month perhaps?

BORIS'S BULLETIN BOARD

THOUGHT FOR THE MONTH: "Frank and explicit"--that is the right line to take when you wish to conceal your real mind and confuse the minds of others." --Disraeli

Jim Pratt is looking for players for an experimental postal GUNSLINGER system where instead of having a birdseye view of the board the player only sees and hears what his characters would see or here. If interested, contact him at 1829 McLuhan Way, San Jose, CA 95132 or call him at 408-251-1220.

Speaking of GSL, Jim Marvin's game has begun. It's Showdown T4 from *THE GENERAL*, 19, #3, p9. I'll be the Duke, Scott Cameron (The Hunt, *MAGIC REALM*, BORIS VI) will be Texas, and Plapjack McHugh (BORIS V & VI) will be the Guard. Rounding out the batting order will be Marvin, Pratt, Tom Cundiff, and Keith Dinklage. The lead ought to start flying about our next issue so I'll keep you posted.

And speaking of posted, the USPS took four days to get Greg Kuntz's "2-day mail" here. So far the USPS is batting .250 for on time service to this burg, so read the fine print if you send anything here by that method.

BOOS & KUDOS

This month's Madame Bolduc Press Excellence Award goes to the author of the final classified in BORIS V.

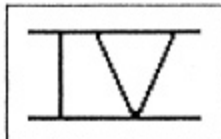

This month's Ms Har Super-Sussy Bomb goes to the author of the *Barcelona Bulletin* article in BORIS VI. "We are not amused by allegations of anthropophagism," sniffed She-of-Great-Might-and Power.

GREAT JOY IN VIENNA!! WEEPING IN MOSCOW!

Spring 1907

CLIFFHOME--Champagne and waltzing were the order of the day in Vienna when word of the British 1st Army's surrender to General Brutus von Mayhem arrived in the Imperial capital. It had widely been assumed here that London would order a retreat into the mountains of ARM for the purpose of guerilla warfare and harassing the Imperial rear. Already troops that had been slated for security and anti-guerilla duties have had their marching orders recut to MOS, much to the Tsar's dismay. Imperial groupie Italy has begun her drive westward sensing some free centers to be had by joining Germany's war of revenge on toothless France.

TROOP MOVEMENTS

England retreats A SEV oth; France retreats A HOL to BEL and F ENG to BRE, capturing that center; Turkey retreats A SMY oth. Austria builds A VIE and A BUD; Italy builds F ROM.

FLAPJACK FIDDLES!

SPRING 1907

Murkwood--The Tudor King is beginning to throw all he has against the Russian, ignoring some easy gains amongst the remnants of France. Flapjack's token resistance to the Russian steamroller is sabotaged by the confusion in ROM. The French fleet has covered itself in Glory by soundly thrashing a Russian invasion force, delaying the probable fall of ROM into 1908. One suspects the Commander of Russian F AEG will be recalled, courtmartialled, and shot--although not necessarily in that order--for his failure to support the invasion force.

EMBASSY BEAT

PARIS--After the fall of the old French government the bordering countries wasted no time in making wild demands and threats against the new French government. Some countries went as far as sending troops into France. Of course, they were pushed out.

We have sent diplomats to our allies in the Iberian peninsula and they have agreed to send troops to stabilize the situation.

BORIS WORLD PRESS REVIEW

Barcelona Bulletin--The people of SPA flooded the streets of the nation in joyous celebration today at the bizarre and unexpected departure of the French army of occupation. "We thank all that is holy that the evil Frenchmen have left our country," said President Al del Gravo. "While in SPA, the French committed many horrible atrocities, among them devouring helpless babies. They did not even cook them first! Yes, that is right. The French troops, many of whom were infected with virulently contagious form of leprosy, ate raw babies! What monsters!"

Naples News--The government of Italy today declared the city of Tunis to be "secured" and accepted the capitulation of the Tunisian government. Military experts ascribe much of the credit for Italy's rapid success in this war to the performance of the All-Midget Infantry regiment, which was used for the first time in this conflict. The first taste of combat for the midgets provides as good an example as any of their military value. A large regular army patrol had advanced deep into the city of Tunis when they were stopped cold by an enemy strongpoint. Machine-gun and rifle fire poured from the fortified building whose every entrance had been blocked off with debris. The structure was filled with fanatic defenders and massive coastal defense artillery guns protruded from every aperture. Recognizing that his regular troops could never take such a place, the Italian commander gave the fateful order, "Bring up the midgets!" At which point, two full squads of AMI troops came scampering up to the front line. The attack began badly as the first two thrown midgets were shot out of the air by Tunisian sharpshooters. But volley after successful volley of midgets followed and soon after the inside of the strongpoint echoed the squeaky-voiced war cries of the diminutive attackers, the pop-pop sound of their tiny rifles, and the terrified screams of the dying Tunisians. Within half an hour the all-clear signal was given and the patrol was able to advance in safety. Every Tunisian soldier in the building was dead! This was only one of many instances of midget bravery during the war. "This new tactic has proven quite successful," stated General Nunzio Abruzzi later. "The cost in midgets was very high, but not unacceptably so. It is likely that the AMI regiment will be expanded to a brigade and, perhaps, eventually to a division."

Bugs 4-Train!!

Started!

Errors: DBC has 54M, not 52; #2 also has a 2+2-train; #6 has a 3+3-train, not a 3-train. #2 was also shortchanged 10M on its Berlin-Hamburg run in OR 7.2; both #2 and Ydz have been credited with 5M more. BY should have "soaked to B134" in OR 7.1 and to B150 in OR 7.2. Since they were sold out, BY and SX rose to A166 and E114 at the end of SR 8. Tile #8 was drawn incorrectly in C15.

3 Games in Progress

PRESS:

Any planets that the Imperium Empire finds populated by foreign races will be subject to "ethnic cleansing."

Fleet reports another brutal pirate raid--this time on Myriad. Usual pattern, ores stolen, adults butchered, children enslaved. Eight million credit reward for information leading to the arrest and conviction, or execution in the act of the perpetrators. Anonymity guaranteed. Contact Ms Nar, Fleet Intel, Fleet Academy, Regg.

...and the rebels, operating from their secret base, again mount an offensive against the Evil Empire. An empire that has enslaved countless millions, destroyed entire star fleets, and made martyrs out of many young leaders of the rebellion. Only this time, The Force is with the rebels...

Kinda makes ya want to break out your FREEDOM IN THE GALAXY sets, don't it?

GOLAN TRIVIZE-- Turn 8 Production and Movement for Turns 9-12

--1835 (Continued from Page 8)

Due next time are orders for SR 8.2. So here's the deal. I need fold/hold orders for all minors and pre-PR privates. It's likely a 5-train will be bought forcing the consolidation of the PR and also bringing brown tiles into play and further lowering the train limits by one. Indeed, a 6-train could be bought, but that would warrant a stoppage of play. Rick has der Zug. Note Don's temporary COA.

MAGIC REALM

Quiet Night,
Quiet Day!

THE CAST

John Butitta:	"Moondoggie" the Sorcerer (Bushysail, Misty)
Scott Cameron:	"Black Bart" the Black Knight
Marcel Carbonneau:	"Amber Rose" the Amazon
Don Chinnery:	"Scitch" the Witch King (Ribbit! Silky)--check temporary COA
Dan Farrow:	"Woolly" the optional Wizard
Richard Price:	"Sir Jordan" the White Knight
Jack Shacklett:	"Fang Gulfwulf" the Berserker

ERRATA: Scitch began Day 12 @ OW2, not between OW2 and ZV1. Bart's HR attempts should've been with 1 die. We also forgot to subtract one from Sir Jordan's Meeting roll with the Company, which reduces Challenge to Insult.

EVERYTHING IS

Monster Roll = 4

Sir Jordan wisely suffers the Insult rather than fighting (-5N).

DAY 13

Monster Roll = 3

Fang & R7 @ Ru2: H(6,1 = n), H(2,1 = y), A(G Axe), M Ru1; reveal FLUTTER 1, RUINS C.
Black Bart @ Inn: S(6,3 = G axe), HR(5 = x3), HR(4 = x3), HR(3 = x2)
Sir Jordan @ Inn w/R4: H(4,1 = y), S(Loot 5,2 = treasure _____), T(sell damaged helmet & treasure to Rogues, +11G), MDV2.
A. Rose @ DW3: M DW5, M DW4, M DW6, M DW1, H(2,1 = y); reveal DANK M, VAULT 3
Woolly @ L2: H(4,3 = y), M L5, M L5, M AV5
Moondoggie @ LW4: SPX, SP(convert MAGIC IV6* to PURPLE), activate TRANSFORM using PURPLE 6, M LW2, M CV2, M CV4.
Scitch @ L1: M L4, M LW4, R(MAGIC V3*), R(MAGIC V2*).

SECRET: Fang and Ralph can break concealment and take on the Bat. Bart has no problems with the Rogues today.

SEASIDE: Imp, 2 ghosts, the Patrol, H Spider, T Spider, T Giant, 2 workhorses

STUFF OF NOTE: A T. Demon at Cr1, a sixpack of axe-goblins at BL2, a sixpack of spear-goblins at BL5, a Giant, a H Spider and an abandoned treasure at Cr3, a pile of stuff abandoned at BY5. The Vault is open and still has two treasures therein; a T Troll is there also. Borderland, Pine and Linden Woods are enchanted. All the Rogues are available for hire except R4 and R7. Bashkars and Lancers are at LCF @ LW5. The Company is at the Inn. Ralph quits on Day 14, Robin quits on Day 16. Gold Magic everywhere on the morrow.

PRESENT:

Quoth Moondoggie, "The Ledges are a bummer. Maybe it's a better scene up north. So it's the bushytail scene, man. Squeak."

Ralph to Fang--Make me an offer.

THE BOURSE

Buying Slow

No Favorite Evident

The Bourse is a game of foreign exchange. Each player starts out with \$1000 American and can invest it in the currencies of the European Great Powers. Each unit of European currency costs its current number of supply centers in dollars. This game is pegged to the results of BORIS VI (on page 4). The game is open to all but players in BORIS VI. Players can buy and sell currencies freely except after a Spring turn (the Bourse is closed to prevent panic selling and rampant speculation). Of course the player with the best net worth at game's end will be the winner.

THIS SEASON'S ACTION

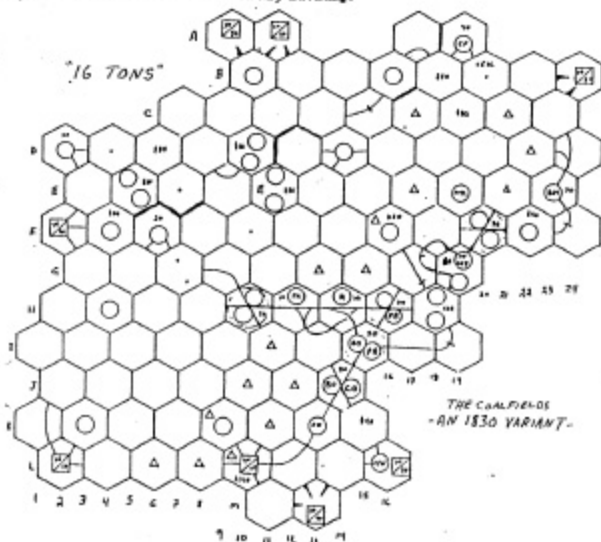

PRB sells 32 marks and 1 ruble and buys 41 francs.
